**Aims and objectives**

Cheriton Dental Practice has been a family dental practice for the last fifty years.

It offers the full range of both NHS and private dentistry as well as private orthodontic treatment for children and adults by a specialist in orthodontics.

The staff team is made up of two principal dentists (the partners), two associate dentists and five support staff. Most of the staff have been there for between 10 – 20 years and there is a pleasant family atmosphere.
